ADAPTATION OF SOCIAL WORK PROFESSIONS TO THE PREVENTION OF NATURAL RISKS AND THE CONSEQUENCES OF CLIMATE CHANGE

NEWSLETTER N°1

MAIN OBJECTIVES OF THE PROJECT:

- **creation of training resources to improve the European skills framework for social workers** and support the trainers,
- development of **training offers for social support actors**,
- **creation of partnerships on the territories between the different actors** (institutional, associations, health actors, social professionals, training centers, actors in the field of health) to better recognize the role of social workers
- **valuing the role of the social worker as initiator of citizens' collective projects** related to adaptation to the effects of climate change, post-natural disaster solidarity or reduction of greenhouse gases.

ALL PARTNERS FROM CORSICA, FRANCE, GREECE, ITALY AND BELGIUM ARE CURRENTLY WORKING ON INTELLECTUAL OUTPUT 1 - GUIDE OF ACTORS (LEADING PARTNER: ITG), WHICH WILL INCLUDE:

- **major current impacts of global warming** on all Partners' territories,
- **selected of mobilized actors** involved in this key topic,
- **main actions taken at national level, at the public and then private level** (NGO, associations...),
- **some selected existing training materials, in each country**, on the theme of the project, and
- **some progress recommendations and best practices for the next steps and IOs of the Project.**

TO KEEP UP-TO-DATE OF THE PROJECT AND ITS MILESTONES, PLEASE VISIT THE WEBPAGES OF ALL PARTNERS INVOLVED IN THE PROJECT.
